## The 1 Page Template To 10+ Bitcoin A Month

Dear Free Member,

Summary: To make earning 10+ bitcoin a month with The Digital Network as smooth as possible, outlined here is a guideline on what I would do in your position.

If there is anything you do, it's to print this out and follow this completely.

### **Step 1 – Register For the Free Webinar & attend it fully!**

The registration link is private and by invite-only through email.

It constantly gets emailed to you.

### **Step 2 – Join “The Digital Network – Underground Society Group”**

This is the Official Facebook Group of The Digital Network.

### **Step 3 – Watch EVERY Facebook Live!**

They take place 3x a week inside the Facebook Group.

Make sure you watch them before the next one comes out.

### **Step 4 – Get ALL-IN!**

If you're serious about getting results, you will get All-In ASAP.

And that's because the earning potential is the highest.

Free Members CAN make money – However, it is minimal and no one will earn 10+ bitcoin a month as a free member.

Save up, sell your car, do whatever it takes – to get All-In!

### **Step 5 – Drop EVERYTHING else!**

The Market Size of The Digital Network without even including cryptocurrency niche, is at a whopping \$428+ BILLION USD Per YEAR!

Simply put, unless you are earning billions of dollars in bitcoin every year then there is no reason to look into other “opportunities”.

Focus is the Key to Riches.

If you are broke – it's because you stuck with the right opportunity for a little while until some shiny object came and you ran the other way.

Stay focused.
